

PRODUCT ANNOUNCEMENT

Cochlear™ Kanso™ (CP950) Sound Processor

Date Distributed: December 2016

INTRODUCING KANSO™, THE DISCREET NEW HEARING SOLUTION FROM COCHLEAR

Kanso™ is a smart, simple, discreet, off-the-ear sound processor with proven technology to give your recipients the confidence to get on with their life. A **smart, simple, discreet** off-the-ear sound processor with the proven technology of Nucleus® 6.

Kanso is Cochlear's first off-the-ear sound processor for Cochlear™ implants, combining the traditional coil, cable and behind-the-ear device into a single unit. It comes in eight colours shown below, with new packaging and a range of accessories.

SMART

The benefits of Nucleus® 6 technology in an off-the-ear solution

SIMPLE

Easy to use single unit, cable free, one button - set and forget

DISCREET
