

## Introducing – Joseph Dalrymple

July 2017

### Introducing – Joseph Dalrymple, Audiologist

Joseph started with the programme on 12 July and will be based in our Queens Drive (Lower Hutt) clinic. He will be working part-time 3 days per week on a Wednesday, Thursday, and Friday of each week.

Joseph will be working with both children and adults in clinic.

As part of a general introduction to the programme, Joseph will spend some time in our Christchurch rooms as well, so patients attending our Milford Chambers clinic may meet Joseph when attending appointments in the next few weeks.

From Joseph:

*"I am excited to be joining the team at SCIP and I'm very much forward to meeting and working with the people who attend SCIP's Lower Hutt clinic and their families. I am originally from the UK, but have lived in NZ since I was 7, growing up in Christchurch. I initially studied psychology and linguistics and worked as a teacher before completing the MAud studies at the University of Canterbury. Since then I've enjoyed working in adult and paediatric diagnostics and rehabilitation in the Wellington region. Outside of work I enjoy travelling, cooking and racquet sports."*
